Rangers’ picks

There are more than 30 walks you and your friends can enjoy. Here are some of the best.

Lake Allom
1.4km circuit. Grade 2. Allow 1hr from Lake Allom day-use area (off Northern forests scenic drive)
An easy stroll with picture-perfect water reflections mirroring the towering brushbox and satinay trees. On warm days the air is scented with the spicy fragrance emitted by the leaves of the carrol shrubs that grow close to shore.

Kirrar Sandblow
1.9km return. Grade 3. Allow 1hr from eastern beach
See striking ‘sundcases’ at Rainbow Gorge, where layers of ochre reds, yellows and browns swirl into the sand profiles creating earthy-coloured artpieces. The gorge opens up to Kirrar Sandblow, an awesome, lunar-like landscape.

Pile Valley
4km circuit. Grade 4. Allow 2hr from Central Station
Walk through rainforest and along crystal-clear Wanggoolba Creek silently flowing over sand.

Welcome to K’gari Butchulla Country

K’gari is mother to me; she is the heart of Butchulla country.

I absolutely love being a ranger on K'gari and feeling her presence. She knows if you disrespect her and she will let you know you have done wrong.

I also love all of the wildlife that live on K’gari and feel privileged to be able to protect them.

As part of my job, I interact with the visitors educating them on safety issues and helping to give them an understanding of our beliefs.

Wayne Minniecon, QPWS Ranger and Butchulla man

Getting there and around

You'll need a 4WD with high-clearance and low-range capacity to drive on the island. Not keen to take the wheel? Sit back and enjoy a guided tour by vehicle, boat or plane. Choose from plenty of day and overnight tours all offering glimpses of the island’s countless attractions.

Bookings essential for River Heads barges (ph: 1800 227 437) and Air Fraser (ph: 1300 172 706) from Hervey Bay. No bookings required for the Inskip barges (near Rainbow Beach), which operate 6am to 5.30pm (busy periods have extended hours and are published on their website). Ph: 0418 872 599.

Be a World Heritage hero

Thanks for caring enough to prevent weeds and pests damaging this beautiful island. Before you visit:

• wash your car tyres and walking shoe soles
• sweep or vacuum camping equipment and car interiors
• bring no pets, soil or plant materials to the island.

Bush walks galore!

There’s a walking experience for everyone’s capabilities, even a 90km, 6–8 day, Great Walk adventure with secluded walkers’ camp sites along the way. Walk around freshwater lakes and under arching canopies of lush rainforest and feel the warmth of the subtropical sun on a beach that goes on forever.

Choose your camp site

With 45 QPWS camping areas across the island you are bound to find some to suit your style. Camping must be booked ahead.

Beach camping

Unfenced beach camping areas are located behind the foredunes at specific sites along the eastern beach. Use the access tracks. Don’t drive on the dunes—the vegetation is quickly damaged but slow to recover. This is camping in the rough, so bring everything you need, including a portable toilet to make your stay more comfortable. Portable toilet waste disposal facilities are marked on the map.

Get away from the crowds and camp on the western beach. Boaties love these camp sites and so do mosquitoes and midges. Camping here is best in the cooler, drier months of August–October, but always bring insect repellent.

Small generators—sound-rated at 65 decibels or about 2.0Kva—are permitted (9am–9pm) where indicated on the map.

Large groups and schools

Camping with your friends is lots of fun. Four group camping areas—Dundubara, Waddy Point (top) and Central Station—cater for 20–40 people.

Family-friendly camping

Choose a camping area with a dingo deterrent fence. Highly recommended if you have children 14 years and under. Select from Central Station, Dunduburra, Waddy Point (top), Cornwells and Lake Boomanjin.

Campfires

Campfires are not permitted on K’gari (Fraser Island) Recreation Area except for the communal fire rings provided by QPWS at Dundubura and Waddy Point. Observe fire prohibitions when in place. Use only untreated milled timber off-cuts, as collecting and using bush wood and kindling is not allowed. Penalties apply.

Supervise children around the fire. When you leave the fire rings, put the fire out completely with water not sand.

qd.gov.au/Camping
qd.gov.au/ParkAlerts
qdnationalparks
@QldParks; #QldParks

This brochure is also available online at qld.gov.au/ParkBrochures For help planning your holiday, visit queensland.com or visitfrasercoast.com

Don’t forget to check the conditions report every time you visit. Scan the QR code, search for K’gari Conditions Report on qld.gov.au/Kgari or pick up a copy from a QPWS information centre at Tewantin or Rainbow Beach. You must have a valid vehicle access and/or camping permit before you enter K’gari (Fraser Island). Penalties apply.
Look up and look out
The eastern beach is Queensland’s sandiest national highway. Some parts are also a landing strip for authorised small planes. Give way to planes landing or taking off. Aircraft landing zones are clearly marked with cones and signs and ground crew will direct you if required. Walkers on the beach may not hear cars approaching over the sound of wind and waves. People, especially children, can move unexpectedly. Drivers, please remember that ‘slower is safer’ and all Queensland road rules apply.

Venture safely
Make your visit memorable for all the right reasons.

Let wongari (dingoes) live wild
Wongari are protected by law on K’gari and are significant to Butchulla people. You might see these wild predatory animals any time of day or night. Follow these simple rules to stay safe around wongari.

Be dingo-safe!
• NEVER feed wongari (dingoes).
• Always stay within arm’s reach of children, even small teenagers.
• Walk in groups and carry a stick.
• Do not run or jog.
• Camp in fenced areas where possible.
• Secure all rubbish, fish and bait.
• Never store food or food containers in tents.
• Never take food to the lakeshores.

Report wongari (dingo) interactions:
• email: dingo.ranger@des.qld.gov.au
• ph: (07) 4127 9150
• In an emergency, call Triple Zero (000).

Stay safe!

Danger! Spinal injuries and drownings have occurred in the lakes, in Champagne Pools and near-shore waters.
• Do not swim in the ocean—there are strong currents and sharks.
• Swimming is not recommended in any of the waters on or around K’gari—there are no lifeguards.
• Lake floors, especially Lake McKenzie, have deep drop-offs.
• Wear sturdy shoes around Champagne Pools and stay clear of breaking waves.
• Never dive or jump into Lake Wabby or other lakes and creeks—they are often more shallow than you think and have hidden obstacles.

Sand dunes can be dangerous.
• Do not run, roll, board, slide or jump down sand dunes—serious and lifelong spinal injuries have occurred, especially at Lake Wabby.

Campfires are not permitted on K’gari except in the QPWS communal campfire rings provided at Dundubara and Waddy Point.
• No fires permitted at all when fire prohibitions are in place.
• Supervise children around campfires.
• Put campfires out with water, not sand—children have suffered terrible burns walking over unseen, sand-covered embers.

Read the Driving on sand brochure.
• Avoid night driving—obstacles are difficult to see.
• Do not take trailers on inland roads in dry conditions.
• Bring good recovery gear—QPWS Rangers, if nearby, can offer some assistance, but cannot pull you free if you get stuck.

Watch the weather and walk safely
• Tune into local radio stations for weather updates.
• In case of bushfires, stay away from thick bushland, and stay low to the ground where the air is coolest.
• Best walking: May to September.
• For longer walks, give someone your itinerary and emergency plan, should you fail to return.
• Never walk alone and avoid the hottest part of the day.
Ranger tips on staying safe!

“Driving on all beaches is best around low tide on the harder sand surface. Driving is easier on you, your passengers and your car.”
Ranger Jim

“Remember to give wongari space. This World Heritage Area is managed under relevant legislations and a national park.”
Ranger Jenna

“Bring metal, or very hard plastic, food storage boxes with strong latches or flat straps. Fishers, you should use a bait bucket with a tight-fitting lid, so wongari can’t get into them while you’re watching your line.”
Ranger Jenna

“Marine stingers such as Irukandji jellyfish and other dangerous marine life are present, especially during the summer months, in the waters off K’gari, Hervey Bay, and the Great Sandy Strait.”

Caution: Moon Point to Towoi Creek—soft, boggy sand; potentially dangerous. Zoned semi-remote, no facilities.

Emergency!
Call Triple Zero (000).

Triple Zero (000) emergency app (free download): emergencyapp.triplezero.gov.au

Vehicle recovery and assistance
On-island towing 0428 353 164
Fraser Island taxi (07) 4127 9188 and 0429 379 188
My favourite?
Eli Creek—a great cooling-off place for families!
Ranger Jason

“Ranger favourites”
“I love to freeze time with my camera and capture the action when waves foam and fizz into Champagne Pools between half and full tide.
Ranger Zoe

“On days off I love to join my mates for a bit of fishing. We throw our catch straight onto the barbecue and savour the fresh sea taste.
Ranger Daniel”
### Scenic drives at a glance

Drive times vary depending on track conditions and your driving ability. Always allow extra time for stops and drive along the beach around low tide.

"I was awestruck when I first saw Lake Wabby. I stood at Lake Wabby lookout and watched spellbound as the shadows of clouds danced across the sandblow’s undulating dunes and the sun glinted off the emerald green waters of the lake.
