K’gari (Fraser Island) conditions report

Everything is protected – plants, animals, natural and cultural features

### General alerts

**The Department of Environment and Science (DES) continues to monitor and receive guidance from the Government in relation to COVID-19 health and safety information. All visitors should practice social distancing and hygiene protocols at all times.**

**Fire Prohibition:** Open fires must not be lit on QPWS managed areas of Fraser Island, except in fire rings at Dundubara and Waddy Point camping areas where visitors must supply their own clean, untreated, milled timber for firewood. Bring fuel or gas stoves for cooking.

**Recreational Fishing Closure:** The Department of Agriculture and Fisheries has a regulated closure in place for the taking of finfish between Indian Head and Waddy Point from 1 August to 30 September. During the closure, fishing (other than the collection of worms and pipis by hand) is prohibited within an area from a point 400m north of Waddy Point to a point 400m south of Indian Head, and 400m out to sea from low water.

Please be aware of the Marine Parks Green Zone regulations around Middle Rocks.

Swimming: Swimming in the ocean off Fraser Island is not recommended and is undertaken at own risk. The beaches of Fraser Island are unpatrolled with strong current currents – drownings have occurred. Take care around all lakes and creeks and at rocky shores with unpredictable waves, depth can be unpredictable, avoid submerged vegetation. Even a great swimmer can get into trouble - always swim with a buddy.

Stay safe at Lake Wabby: DANGER – Running, jumping, boarding, sliding down the dunes or diving into the lake can cause serious injury or death. Serious spinal injuries have occurred as a result of these activities.

### Wongari (Dingo) warnings – Be dingo-safe!

Give wongari (dingoes) space, K’gari is their place. View wongari from at least 20 metres away. It is illegal to disturb or feed wongari (dingo), which includes attracting them with food or food waste. On K’gari, increased maximum fines of $10,676 and on-the-spot fines of $2,135 are now in place for people who break the law and engage in this dangerous behaviour.

**Feeding wongari is wrong.** Due to a few people feeding or behaving inappropriately some wongari have become habituated. These wongari are less likely to learn essential survival skills and are more likely to be struck by vehicles or show aggression towards people.

Give wongari space, K’gari is their place. Limiting dingo-human interaction, particularly during dingo whelping season, is critical to the welfare of pups. This is a particularly important time for pups to learn natural hunting and survival skills and to avoid habituation towards people.

**Dingo whelping season means:**

- Dingo pups will venture out of their dens and explore their surroundings
- Adult dingoes will be teaching their young natural hunting and survival skills
- Dingoes may be determined and aggressive in their search for food
- Females will aggressively defend their young
- Female dingoes that are feeding young can lose condition and become naturally lean during this time

Visitors, tour operators and residents are advised to be dingo-safe! on K’gari. It is recommended that families with young children camp in fenced QPWS camping areas at Lake Boomanjin, Central Station, Dundubara and Waddy Point, or at fenced private camping areas at Dilli Village or Cathedral Beach.

- NEVER feed wongari - You may face heavy penalties, attracting wongari or leaving food available puts people and wongari at risk.
- Always stay within arm’s reach of children, even small teenagers - WONGARI MOVE QUICKLY! KEEP CHILDREN CLOSE.
- Walk in groups and carry a stick - This may discourage a wongari from approaching you.
- Do not run – Running or jogging can trigger a negative wongari interaction.
- Camp in fenced areas where possible - Ensure all gates are securely closed.
- Lock up food stores and iceboxes (even on a boat).
- Never store food or food containers in tents - Wongari will seek out food, rubbish, fish and bait, and can chew through light plastic containers.
- Secure all rubbish, fish and bait – Dispose of rubbish at waste transfer stations. Bury fish scraps in a deep hole away from campsites & townships.
- When visiting lakeshores, take no food or drinks (except water).

Areas of concern – Eungong beachfront, Eli Creek, Maheno, Lake McKenzie, Waddy Point beachfront and Orchid Beach. Due to increased human-wongari interactions, extra vigilance is required in these areas.

If you feel threatened by a wongari – STAY CALM; maintain eye contact and do not turn your back on the wongari; alert other people; back away to a safe area, preferably a vehicle or fenced area.

**Report wongari interactions or people feeding wongari** – Photos and videos may assist us; take note of location, ear-tag colour, number and which ear. Email dingo.ranger@des.qld.gov.au, tell a ranger, or phone (07) 4127 9150. For emergencies requiring urgent medical assistance, call 000 immediately.

### Camping and day-use areas

- **Camping zone bookings:** QPWS camping areas on K’Gari (Fraser Island) are now bookable. Please note COVID-19 booking restrictions apply.
- **Central Station redevelopment:** Planned upgrades to the Forestry buildings (cottage & museum) in the Day Use Area will commence 1 July to early October 2020. Please observe all signage, barriers & directions from rangers & do not enter closed areas.

### Track and beach conditions - warranting caution

- **Remember:** Sand tracks are only suitable for high clearance four-wheel-drive vehicles with low-range capacity. All-wheel drive vehicles, low-clearance trailers and caravans are not recommended. Always drive to the conditions.
- **Eastern and Western beaches:** conditions change daily with the tides. Exposed coffee rock, eroded beaches, logs and other beach debris and wash outs are common hazards. Always drive to conditions.
- **Ungowa boat ramp is closed to all vessels, vehicles and pedestrians. Access via boat to facilities is currently unsafe, please observe and obey all signage and do not enter closed areas.**
- **Lake Garawongera scenic drive:** Closed south of Lake Garawongera to Poyungan road due to erosion. Closure applies from 10 June to 29 Sep 2020.
- **Lake Wabby scenic drive:** Closed from Lake Wabby Day Use Area to Pile Valley road due to erosion. Closure applies from 10 June to 29 Sep 2020.

### Walking track conditions

**Tukkee Wurro (Indian Head) walking track:** Due to recent heavy rainfall, access to Tukkee Wurro (Indian Head) walking track is closed from 2 June 2020, until further notice.

**K’gari (Fraser Island) Great Walk:** The Great Walk is OPEN. The Great Walk will be closed from 1 November to 28 February 2020, due to high fire danger. A seasonal block will be in place on advance bookings during this period. View [http://www.des.qld.gov.au/parks/fraser/](http://www.des.qld.gov.au/parks/fraser/) for updates.

Recreational Fishing closure for finfish - Indian Head to Waddy Point - 1 August to 30 September

Marine wildlife including sharks and marine stingers are present in the waters off K'gari (Fraser Island). Swimming is not recommended.

WARNING:
- Look and listen for aircraft landing and taking off along the eastern beach. Follow direction from ground control crew.
- Mobile phone reception is limited. Contact your mobile network provider for service coverage.

Be dingo-safe!
- NEVER feed wongari (dingoes).
- Always stay within arm’s reach of children, even small teenagers.
- Walk in groups and carry a stick.
- Do not run. Running or jogging can trigger a negative wongari interaction.
- Camp in fenced areas where possible.
- Lock up your food stores and iceboxes (even on a boat).
- Never store food or food containers in tents.
- Secure all rubbish, fish and bait.
- Follow wongari safety advice provided with permits and on signs throughout the island.

Campfires are prohibited on QPWS managed areas of K’gari (Fraser Island).

Mobile phone reception is limited. Contact your mobile network provider for service coverage.
