2/3

Koala Bushland Coordinated Conservation Area

There are many different types of tracks and trails in the KBCCA; some trails are for mountain biking, horseriding or walking only, while others are shared trails for all users.

IMPORTANT! Walkers have access to tracks and trails where the walking and dog walking symbols are displayed on directional markers.

Circuit distances and times are measured from a trailhead. Trails distances and times are measured from the trail start to end points. Allow extra time if adding trails to a circuit walk.

Circuits and trails shared with mountain bikers and horseriders

| Circuit/trail name | Classification | Starting point | Circuit colour | Distance one-way | Time |
|-------------------------------|----------------|--|----------------|------------------|-------------|
| Plunkett mallee circuit | | Don and Christine Burnett Conservation Area trailhead | | 2.4km | 30min |
| Spotted gum circuit | | Daisy Hill trail hub | | 5.2km | 2.5hr |
| Stringybark circuit | | Daisy Hill trail hub | | 5.7km | 3.5hr |
| Buhot Creek circuit | | Daisy Hill trail hub | | 9km | 5.5hr |
| 4 Ripleys trail | | Daisy Hill trail hub and branch off Stringybark and Buhot Creek circuits | | 2.2km | 30 to 40min |
| 5 Koala trail | | Daisy Hill trail hub and branch off management road | | 1.1km | 15min |
| 10 Glider trail | | Daisy Hill trail hub and branch off Buhot Creek circuit in Neville Lawrie Reserve | | 2.3km | 30 to 40min |
| 13 Sleepy hollow trail | | Don and Christine Burnett Conservation Area trailhead and branch off Buhot Creek circuit | | 350m one way | 5min |

Trails shared with mountain bikers (horseriders prohibited)

| Trail name | Classification | Trail starting point | Trail colour | Distance | Time |
|--------------------------------|----------------|---|--------------|----------|-------|
| 6 Wiry panic trail | | Don and Christine Burnett Conservation Area trailhead | | 2.4km | 30min |
| 7 Grasstree East trail | | Don and Christine Burnett Conservation Area trailhead | | 5.2km | 2.5hr |
| 15 Grasstree West trail | | Don and Christine Burnett Conservation Area trailhead | | 5.7km | 3.5hr |

In Daisy Hill Conservation Park, dog walking is only permitted in the day-use area and on walking tracks and shared trails displaying this symbol. Dogs are not permitted on trails designated **only** for mountain bikers or horseriders.

Dogs must be on a leash and under control at all times.

Dog faeces must be bagged immediately and removed from the park.

Walking track classification

Grade 2 track

- Formed track. May have gentle hills and some steps. All junctions sign posted.
- No previous bushwalking experience required.

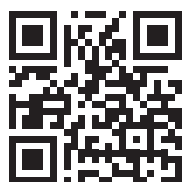

Grade 3 track

- Formed track. May have short steep hill sections, a rough surface and many steps.
- Reasonable level of fitness and some bushwalking experience recommended.
- No previous bushwalking experience required.

Short walks

For details on short walks and wheelchair accessible tracks, please download the **Daisy Hill day-use area and short walks map**.

Adventure safely

Make your visit memorable for all the right reasons.

Choose activities that suit the skills, experience and fitness of your group.

Plan ahead

- **Always check weather conditions.** Visit—bom.qld.gov.au and qld.gov.au/ParkAlerts. During extreme weather periods (mostly in spring and summer) storms can occur, and high rainfall can flood some walking tracks resulting in closure for public safety.
- **Avoid walking in the middle of the day**, especially on hot days.
- **Let somebody know where you are going**, even on a short walk. Let them know when plan to return and what to do if you're late.
- **Leave plenty of time to complete the walks in daylight** and always keep your group together.

The essential packlist

- **Fully charged mobile phone**—reception may be poor in places but is sometimes possible from high points on the trail system. Save battery life by minimising use—you might need it to make an emergency call.
- **Have a first-aid kit** (including snake bite bandage) and know how to use it.
- **Insect repellent** to help prevent tick and other insect bites or stings.
- **Adequate drinking water**—drinking water is not provided in the park.
- **Suitable footwear** and clothing for the activity you are planning.
- **Download a map for the KBCCA.**

While in the KBCCA

Stay on tracks where these symbols appear on directional signs.

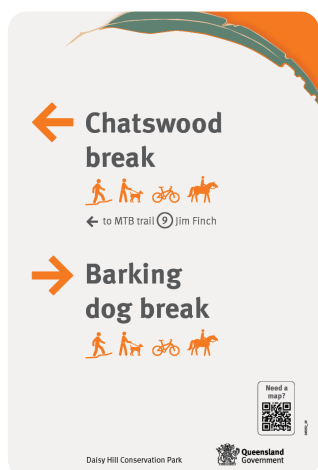

- **Avoid scaring horses**, talk or call out to oncoming horseriders and when approaching from behind.
- **Follow the give way code for shared trails.**

- Walkers must give way to horses.
- Cyclists must give way to walkers and horseriders, and alert others when approaching them.

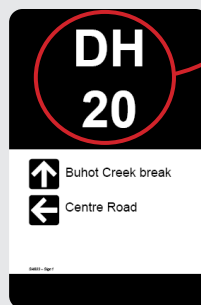

Walker's tip

- **Look for these directional markers** and use them to navigate the circuits and trails.

For your safety

- If you see a snake, leave it alone and keep clear.
- Obey signs and regulations—they are in place to protect you and the park.
- Stay on the tracks and observe signs to avoid getting lost.

Emergency marker code

Emergency markers are located at track and management road junctions throughout the park.

The **emergency marker code** assists emergency services (Police, Fire and Ambulance) in locating the emergency in the park.

Emergency

For all emergencies call Triple Zero (000), and if possible, recite the closest emergency marker code. Be aware, if there is no coverage on any mobile phone network, you will not be able to reach the Emergency Call Service via a mobile phone.

Beware!

When walking a shared trail:

- Mountain bikes travel faster than walkers. Bikes may approach from either direction or cross shared trails at junctions.
- Wearing earphones or headphones reduces your ability to hear approaching bikes.
