### NOTES:

- Up to two lines and a maximum of two hooks per angler.
  - All equipment must be stowed or secured.
  - Maximum of four pots per person.
  - No coral. Limits apply to species and equipment used.
  - A permit is required unless the harvest fishery is accredited.
  - Limited to aquarium fish fishery and beach worm fishery. A permit is required unless the fishery is accredited.
  - A permit is required unless it is an accredited activity.
  - A permit is not required for activities undertaken under a traditional use of marine resources agreement (TUMRA).
  - A permit is required unless the institution conducting the research is accredited. Research in green zones is restricted to priority research that cannot reasonably be conducted elsewhere.
  - Works that are not consistent with the objects of the zone may be allowed in designated works areas. Private structures may only be allowed in a general use zone.
  - The person must hold a lease, license, permit or other authority under the appropriate legislation.
- \* The Pumicestone Passage commercial fishing closure under Fisheries Act 1994 remains.

This is a summary only. Refer to the Marine Parks (Moreton Bay) Zoning Plan 2008 for full details.

Restrictions also apply to activities at artificial reefs created through DERM's trial artificial reef program. Refer to the DERM website <[www.derm.qld.gov.au](http://www.derm.qld.gov.au)> for further details.
