Fire Prohibition: Open fires must not be lit on QPWS managed areas of Fraser Island, except in fire rings at Dundubara and Waddy Point camping areas where visitors must supply their own clean, untreated, milled timber for firewood. Bring fuel or gas stoves for cooking.

Swimming: Swimming in the ocean off Fraser Island is not recommended and is undertaken at own risk. The beaches of Fraser Island are unpatrolled with strong ocean currents – drownings have occurred. Take care around all lakes and creeks and at rocky shores with unpredictable waves, depth can be unpredictable, avoid submerged vegetation. Even a great swimmer can get into trouble - always swim with a buddy.

Marine stingers: Marine stingers and other dangerous marine life are present, especially during the summer months, in the waters off Fraser Island and the Great Sandy Strait. Marine stingers can cause serious injury or death. Swimming is not recommended.

Sandy Cape turtle rookery seasonal vehicle restriction: Vehicles are prohibited on the beach between South Ngkala Rocks and Sandy Cape Lighthouse between the hours of 6pm to 6am, from 15 November 2019 to 31 March 2020.

Stay safe at Lake Wabby: DANGER – Running, jumping, boarding, sliding down the dunes or diving into the lake can cause serious injury or death. Serious spinal injuries have occurred as a result of these activities.

Give wongari (dingoes) space, K'gari is their place. View wongari from at least 20 metres away. It is illegal to disturb or feed wongari (dingo), which includes attracting them with food or food waste. On K'gari, increased maximum fines of $10,676 and on-the-spot fines of $2,135 are now in place for people who break the law and engage in this dangerous behaviour.

Feeding wongari is wrong. Due to a few people feeding or behaving inappropriately some wongari have become habituated. These wongari are less likely to learn essential survival skills and are more likely to be struck by vehicles or show aggression towards people.

Limiting wongari-human interaction, particularly during wongari whelping season, is critical to the welfare of pups. This is a particularly important time for pups to learn natural hunting and survival skills and to avoid habituation towards people.

An increase in dingo-human interactions is expected during the summer holiday season. This is a particularly important time for juvenile dingoes to test their strength, learn essential survival skills and to avoid habituation towards people. Juveniles will quickly learn bad habits such as stealing food around camp sites instead of learning natural hunting skills.

Summer means:

- Juvenile dingoes are learning pack rules through play and showing aggressive behaviour to gain dominance.
- Young dingoes may try to dominate people, especially children.

Visitors, tour operators and residents are advised to be dingo-safe! on K’gari. It is recommended that families with young children camp in fenced QPWS camping areas at Lake Boomanjin, Central Station, Dundubara and Waddy Point, or at fenced private camping areas at Dilli Village or Cathedral Beach.

- NEVER feed wongari - You may face heavy penalties; attracting wongari or leaving food available puts people and wongari at risk.
- Always stay within arm’s reach of children, even small teenagers - WONGARI MOVE QUICKLY! KEEP CHILDREN CLOSE.
- Walk in groups and carry a stick - This may discourage a wongari from approaching you.
- Do not run – Running or jogging can trigger a negative wongari interaction.
- Camp in fenced areas where possible - Ensure all gates are securely closed.
- Lock up food stores and iceboxes (even on a boat).
- Never store food or food containers in tents - Wongari will seek out food, rubbish, fish and bait, and can chew through light plastic containers.
- Secure all rubbish, fish and bait – Dispose of rubbish at waste transfer stations. Bury fish scraps in a deep hole away from campsites and townships.
- When visiting lakeshores, take no food or drinks (except water).

Areas of concern – Eurong beachfront, Eli Creek, Maheno, Lake McKenzie, Waddy Point beachfront and Orchid Beach. Due to increased human-wongari interactions, extra vigilance is required in these areas.

If you feel threatened by a wongari – STAY CALM; maintain eye contact and do not turn your back on the wongari; alert other people; back away to a safe area, preferably a vehicle or fenced area.

Report wongari interactions or people feeding wongari – Photos and videos may assist us; take note of location, ear-tag colour, number and which ear. Email dingo.ranger@des.qld.gov.au, tell a ranger, or phone (07) 4127 9150. For emergencies requiring urgent medical assistance, call 000 immediately.

Camping and day-use areas

Camping zone bookings: All QPWS beach camping areas on K’gari (Fraser Island) are now bookable in camping zones.

- Garry’s Anchorage camping area is closed until further notice.

Track and beach conditions - warranting caution

- Remember: Sand tracks are only suitable for high clearance four-wheel-drive vehicles with low-range capacity. All-wheel drive vehicles, low-clearance trailers and caravans are not recommended. Always drive to the conditions.
- Lake Garawongera Scenic Drive – is closed between Bogimbah Road and Happy Valley Road, until further notice due to storm damage.
- Browns and Ngkala Rocks: is only permissible 2 hours either side of low tide, experienced drivers only.
- Eastern and Western beaches: conditions change daily with the tides. Exposed coffee rock, eroded beaches, logs and other beach debris and wash outs are common hazards. Always drive to conditions.
- Ungowa boat ramp is closed to all vessels, vehicles and pedestrians. Access via boat to facilities is currently unsafe, please observe and obey all signage and do not enter closed areas.
- Northern Scenic Drive: is partially closed until further notice, for Woralie Creek bridge repairs. Closure will be from North of Coomboo Lake access track through to Woralie road – Please observe and follow all signage.
- McKenzie’s Jetty Road: is currently closed from Bennett’s Road until further notice.

Walking track conditions

K’gari (Fraser Island) Great Walk: The Great Walk is currently closed until 29 February 2020, due to high fire danger. There is also a seasonal block in place on advance bookings from 01 November 2019 to 29 February 2020. Rangers will monitor conditions on ground and open the Great Walk when conditions are assessed to be suitable. Please check Park Alerts online (http://www.des.qld.gov.au/parks/fraser/) for updates.
While this information was prepared with care, it is based on the best available information at the time and is indicative only. Visitors are reminded that conditions change constantly due to climatic fluctuations and other factors. No liability is accepted by the Queensland Government for any decisions or actions taken on the basis of this information.

**IMPORTANT INFORMATION**

**Be dingo-safe!**
- **NEVER** feed wongari (dingoes).
- Always stay within arm’s reach of children, even small teenagers.
- Walk in groups and carry a stick.
- Do not run. Running or jogging can trigger a negative wongari interaction.
- Camp in fenced areas where possible.
- Lock up your food store and iceboxes (even on a boat).
- Never store food or food containers in tents.
- Secure all rubbish, fish and bait.
- Follow wongari safety advice provided with permits and on signs throughout the island.

**Campfires are prohibited on QPWS managed areas of K’gari (Fraser Island).**

**WARNING:**
- Listen and follow for aircraft landing and taking off along the eastern beach. Follow direction from ground control crew.
