The terms "mangrove forest" and "outer boundary" used in this document have the following meanings:

(a) the mangrove forest means any mangrove vegetation growing along the outer boundary of the mangrove forest; or

(ii) if subparagraph (i) does not apply, the outer boundary of the forest; and

(b) at each point where there is a gap in the outer boundary of the forest, the outer boundary is presumed to be the point 100m seaward from the island or mainland at high water.
